

GLOBAL JET

GLOBAL JET IS PROUD TO ANNOUNCE THE ADDITION OF AN AIRBUS ACJ320 TO ITS CHARTER FLEET

Known as one of the largest wide-body operators in the world, Global Jet offers an extensive fleet of Airbus & Boeing aircraft, including its latest addition, an Airbus ACJ320. This aircraft is one of a few available in the charter market. Amongst all aircraft available for charter, this particular Airbus ACJ320 is the only private jet capable of accommodating a commercial flight with up to 31 passengers, setting a new standard in the aviation industry.

This refined aircraft is ideal for transatlantic flights and offers a range of 3,500 nautical miles and a top speed of 486 knots. Travelers will be able to feel at home in the air while enjoying, for example, non-stop flights from Dubai to Geneva or from Doha to Paris.

Based mainly in the Middle East, this one-of-a-kind aircraft is designed to welcome passengers in ultimate luxury and is configured with four distinguished sections, ranging from the executive seating area to the VIP bedroom area, complete with a master bathroom that includes a shower, and leading to the conference dining area, and finally, the guest seating area. Experience unprecedented comfort aboard the Airbus ACJ320, where relaxation reaches new heights. With a bed capacity that includes nine single beds and a VIP master bedroom, this aircraft ensures a restful journey like no other. Whether you're traveling with a group or seeking an exclusive retreat, the Airbus ACJ320 offers the perfect blend of space and luxury, allowing you to unwind and recharge in style while flying to your destination. Moreover, the aircraft has just completed a cabin refurbishment in 2023 to provide even more comfort and amenity.

Global Jet is committed to offering the latest technologies to its passengers, and the Airbus ACJ320 is no exception. With a Ka-Band Wi-Fi connection, passengers can stay connected and productive throughout their journey, making it ideal for business travelers who need to work while on the move. Additionally, the aircraft features Apple TV in the executive seating area and VIP Master Bedroom, ensuring that passengers can enjoy their favorite entertainment during the flight. Due to advanced noise reduction technology, the Airbus ACJ320 features an outstandingly quiet cabin, perfect for ensuring a relaxing flight for everyone on board.

GLOBAL JET

The Airbus ACJ320 goes beyond just offering luxury and entertainment; it also prioritizes practicality. With an impressive baggage capacity of 15 m³, accommodating up to 100 suitcases, passengers can effortlessly bring everything they require for their journey. Furthermore, a notable feature of this exceptional aircraft is the provision of heating in the forward cargo area.

This unique and modern aircraft is available for charter here: [AIRBUS ACJ320 - Private Jet - Global Jet](#)
