GLOBAL JET' EXPANDS ITS CHARTER FLEET WITH A STUNNING FALCON 7X

Global Jet is proud to introduce the latest addition to its charter fleet: a refined Dassault Falcon 7X based in Malaga.

Capable of flying 6,000 nautical miles non-stop, this aircraft connects distant cities worldwide, making it ideal for both business and leisure travel. The Falcon 7X is perfect for non-stop transatlantic journeys. Powered by three robust Pratt & Whitney Canada engines, it offers exceptional performance even on short runways, bringing passengers closer to remote locations with ease. The third engine not only enhances performance but also significantly boosts safety, providing peace of mind for all onboard.

Following a complete cabin refurbishment in 2022, the Falcon 7X boasts a spacious, elegant interior that comfortably accommodates up to 14 passengers. Its expansive cabin is divided into three refined areas for maximum comfort and versatility, while state-of-the-art avionics ensure a safe, seamless flight experience. In addition to its distinctive layout, this Falcon 7X offers an exceptional in-flight experience. Passengers will find iPads, an iPod cradle, HDMI, USB interfaces, and a variety of entertainment options, making every journey both enjoyable and relaxing.

This remarkable aircraft is now available for all your charter needs. Whether planning a business trip, family vacation, or special getaway, the Falcon 7X is ready to take you anywhere, anytime. Discover the full details of this exceptional Falcon 7X on Global Jet's website and contact the charter sales team to request a personalized quote for your next charter flight.
