GLOBAL JET'S IS PROUD TO INTRODUCE A UNIQUE GLOBAL EXPRESS XRS TO ITS CHARTER FLEET

An exquisite Global Express XRS, based in Madrid, has just joined their fleet and is now fully available for charter. With this latest addition, Global Jet Spain is proud to announce that 2024 has been a record-breaking year, with exceptional growth in fleet size, operations, and achievements. In 2024, their local fleet expanded with three additional aircraft, bringing their total operations to Madrid, Barcelona, Valencia, La Seu (Andorra), and Malaga. For charter services in Spain, they now offer a diverse selection of jets, including a PC24, two Gulfstream G200s, a Global Express XRS, and a Falcon 7X. This range of aircraft allows them to cater to a wide variety of client needs, from short regional hops to long-haul international flights.

The interior cabin, designed to accommodate fourteen passengers, has undergone a complete transformation, with a full refurbishment in autumn 2024, making it feel entirely brand new. The cabin is now a stunning blend of modern luxury and sophisticated design, with every detail meticulously made for comfort and style. It is divided into three expansive and refined living areas. The forward section features four executive seats with two foldable tables, while the mid-cabin features a four-seat conference area opposite an executive chair. In the aft cabin, a three-seat divan faces a two-seat executive configuration, ensuring both comfort and functionality for all passengers. This renewed cabin now presents an exceptionally fresh and elegant environment, highlighting both comfort and functionality for every passenger.

Contact our charter team now, who will be delighted to book your flight aboard this superb aircraft.
