The Brand-New 2025 Bombardier Global 7500 | LX-ARY Joins the Charter Fleet

GLOBAL JET UNVEILS ITS LATEST FLAGSHIP

Bombardier Global 7500

December 2025

Global Jet proudly announces the arrival of the 2025 Bombardier Global 7500 | LX-ARY, a pristine addition that is set to redefine the standards of ultra-long-range charter aviation. With this acquisition, Global Jet further strengthens its position as one of the industry's most forward-thinking and innovative operators, introducing an aircraft whose capabilities, comfort, and versatility are truly exceptional.

The Global 7500 | LX-ARY enters the fleet as a symbol of what the future of business aviation truly represents: greater speed, quieter performance, enhanced intelligence, and a level of luxury that redefines the ultra-long-range category. With an impressive range, the LX-ARY transforms intercontinental travel into a seamless experience. It effortlessly links major global hubs — from Geneva to Singapore, New York to Dubai, or Paris to Los Angeles — removing traditional constraints of distance and elevating long-haul aviation to an entirely new dimension.

Inside, the LX-ARY delivers an atmosphere of refinement seldom experienced in the charter market. The cabin unfolds into four genuine living zones, crafted to accommodate rest, productivity, entertainment, and gourmet dining with absolute serenity. A private master suite, a fully equipped galley, and a entertainment suite area bring an unparalleled sense of personalization and comfort to every journey. Advanced cabin-control technologies — including high-speed connectivity, touch-enabled lighting, entertainment, and climate systems — transform the cabin into a space where travel time becomes true quality time, whether for business or leisure.

More than a new fleet member, the Global 7500 | LX-ARY stands as a strategic statement. By introducing one of the world's most sophisticated business jets into charter service and basing it in Dubai, Global Jet reinforces its commitment to offering unmatched global mobility. With a dedicated charter operations office already established in Dubai, the company is ideally positioned to support the Middle Eastern market, providing rapid response, regional expertise, and tailored service to clients across the GCC and beyond. The LX-ARY embodies Global Jet's promise: uncompromised comfort, total operational flexibility, and the freedom to explore the world without limitations.

Now based in Dubai and available for immediate charter, the brand-new Global 7500 | LX-ARY is ready to connect continents with effortless elegance and unparalleled capability.
